

To the 3VCSD Administration the BOF and the 3V

The budget presented at the tax cap of 2.84% was acceptable and reasonable.

The reserves should be replenished as quickly as possible so long as it is not at the expense of reducing programs and/or staff. All funding sources that are used to replenish the

questions and be provided with responses to those

questions. The BAC supports starting future BAC meetings earlier in the year if necessary to accommodate this recommendation.

Future BAC should be provided their charge/intended purpose by the Administration and Board of Education representatives at the first committee meeting. After delivering the charge and explaining it, the admin and BOE representatives shall exit the meeting and the remaining members shall have an informal private discussion to address their thoughts and select a chairperson. The BOE should consider charging the BAC with a multi -year outlook and help prioritize the asks over a longer time horizon

The Board of Education shall publish a response to the BAC recommendations that can be reviewed by the public and discussed by the following BAC.

~~Members of the BAC that are selected but can not or for~~

some reason choose not to serve, should notify the BOE and the administration and a replacement individual selected.

(Start Schools Later) initiative can be achieved ultimately resulting in the implementation of this.

The costs and impact on the students of the restructuring should be further explained with detail to the community.

If implementing this as well as the restructuring together

at the same time.
